Masonry Checklist

A checklist for employees engaged in masonry work.

- Are employees/workers wearing proper PPE?
- Eye Protection/Goggles
- Properly fitted clothing (i.e. not loose)
- Respirators (in the case of sand blasting)
- Steel Toe Boots
- Do hand tools and other equipment have an automatic shut off feature?
- When utilizing gasoline powered equipment or chemical applications-is the area properly ventilated?
- Do you leave forms/shores in place until…
