Bios: Steve's Vision

1. Help professionals and leaders on the front lines of construction and manufacturing companies to establish a positive safety mindset among their team that translates to reducing injuries.
2. Through my Mission below, support companies with a strong desire to create and sustain a workplace where doing what's right, doing your best, and professional camaraderie are the hallmarks of day-to-day operations; making it a safe, supportive, productive, and pleasant workplace for your team.
