CDC Safety and Health Among Hotel Cleaners

Information on National Occupational Research Agenda NORA which is partnership program to promote innovative research and improve workplace practices and safety for hotel cleaners.

The National Occupational Research Agenda (NORA) is a partnership program to promote innovative research and improve workplace practices. Unveiled in 1996, NORA is a framework for guiding occupational safety and health research and interventions throughout the nation. NORA stakeholders collaborate to identify critical workplace issues in industry sectors. The National Institute for Occupational Safety and Health (NIOSH) convened a number of these partners to develop the National Services Agenda, which includes safety and…
