

FEMA Preparedness Information Disabilities

Information about assembling an emergency kit geared for peoples with disabilities.

Get a Kit of emergency supplies. Be prepared to improvise and use what you have on hand to make it on your own for at least three days, maybe longer. While there are many things that might make you more comfortable, think first about fresh water, food and clean air.

Include Medications and Medical Supplies: If you take medicine or use a medical treatment on a daily basis, be sure you have what you need on hand to make it on your own for at least a week and keep a copy of your prescriptions as well as dosage or treatment information. If it is not possible to have a week-long supply of medicines and supplies, keep as much as possible on hand and talk to your pharmacist or doctor about what else you should do to prepare. If you undergo routine treatments administered by a clinic or hospital, or if you receive regular services such as home health care, treatment or...
