

Route Safety Bulletin

Tips for drivers with pre-determined and/or consistent course of travel

6 Tips to Driving a Safer Route

Rural roads are more difficult to drive on vs. Interstate or highways

Be aware of surface conditions (pot holes, gravel etc) & adjust driving habits accordingly

Frequent stops/starts increase the risk for accident – be alert to your surroundings and other motorists

LOOK Out For Children!

Avoid backing up, if necessary proceed slowly & seek assistance when possible

Do not Do not let familiarity/comfort with your route override your need for **extreme** caution
