

Tennessee Executive Order No. 85

Tennessee Governor Bill Lee and Insurance Commissioner Carter Lawrence have issued Executive Order No. 85 and Bulletin 21-02 in response to the severe weather and flooding impacting Tennessee residents on August 21, 2021, in Dickson, Hickman, Houston, and Humphreys counties.

Policyholders who have suffered property damage, injuries, loss of life, experiencing displacement, or disruption in mail delivery because of these catastrophic events are encouraged to contact BHHC and are eligible for a 60-day grace period or extension on premium payment (in order to avoid a disruption in coverage). No late payment, fee, penalty, or interest charge will be incurred during this grace period.
